dawgnetwork@jabber.ccc.de	Nobody	2010-03-18 00:04:31	its like a classroom run by an overbearing teacher... when a kid strikes back anonymously by sabotaging the desk... the other kids get a little excited and rowdy, because they wanted too, but were afraid of getting caught... the teacher is embarrassed and cant control the kids, so the teacher just makes an announcement that the students should continue working quietly after they have a look at the mess on the desk that the teacher is cleaning up
